ICEE 2008 OKINAWA
The International Conference on Electrical Engineering 2008

July 6-10, 2008
Okinawa Convention Center, Japan

http://www.icee-okinawa.org

Organized by
The Institute of Electrical Engineers of Japan (IEEJ),

Co-organized by
The Korean Institute of Electrical Engineers (KIEE),
The Chinese Society for Electrical Engineering (CSEE), and
The Hong Kong Institution of Engineers (HKIE)
The International Conference on Electrical Engineering (ICEE) aims to provide a forum for sharing knowledge, experience and creative ideas among world electrical engineers. Since ICEE the First 1995, it has been successfully held once a year. The Institute of Electrical Engineers of Japan (IEEJ) is pleased to announce ICEE 2008 will be held at Okinawa Convention Center, Okinawa, Japan from July 6 to 10, 2008. It is a great pleasure for the IEEJ and co-organizers KIEE, CSEE, and HKIE to invite potential authors who have significant contributions in electrical engineering fields to submit papers to be referred to the following engineering areas/topics:

**Fundamentals, Materials & Education**
- Electrical Materials and Process
- Semiconductor Technology
- High Voltage Engineering and Insulation Technology
- Electronic Materials
- Education and Training for Electrical Engineers

**Power Systems & Energy**
- Power System Planning and Scheduling
- Power System Protection, Operation and Control
- Transmission & Distribution Systems and Apparatus
- Power System Stability
- Power Generation and Sustainable Environment
- Power Market and Power System Economics
- Power System Modeling, Simulation and Analysis
- HVDC and FACTS
- Electromagnetic Transients Programs (EMTP)
- Wind, Solar and Renewable Energy

**Electronics, Information & Control Systems**
- Communication Systems
- Intelligent Systems and Approach
- Information Technology Application
- Control Theory and Application
- Knowledge Management

**Electrical Machines, Power Electronics & Industry Applications**
- Electrical Machines
- Electric Drives and Application
- Electrical Traction Systems and Control
- Electromagnetic and Applied Superconductivity
- Industrial Process Control and Automation
- Inverter and Converter Technology

**Sensor & Micro-machines**
- Diagnosis and Sensing Systems
- Micro Machines
- MEMS-Micro Sensors and Structures
- MEMS-Related Technology

**Other Related Areas**

---

**Submissions of Abstracts**
Prospective authors are invited to submit the abstracts. The abstracts must be 500 words or less. All abstracts should be submitted via the online abstract form available at the IICE 2008 website by December 31, 2007.

**Notifications of Abstracts Acceptance**
All submitted abstracts will be reviewed by the IICE 2008 Technical Program Committee. The correspondence author will be notified by email regarding the acceptance or rejection of the proposed paper by February 1, 2008.

**Submission of Full Paper**
For the accepted abstracts, authors are required to submit full papers before April 1, 2008. The author’s kit and detailed instructions for paper preparation and submission will be announced to the authors at the website.

**Notification of Accepted Papers**
All submitted paper will be reviewed by the IICE 2008 Program Committee. The author for correspondence will be notified by email as to acceptance or rejection of the proposed paper by May 1, 2008. A preliminary program will then be announced on the website. At least one author of the paper should complete the registration before June 1, 2008 for the paper to be published in the Conference Proceedings. Registration will be accepted online at the website.

---

**Key Dates:**
- Deadline of Submission of Abstract: December 31, 2007
- Acceptance Notification of Abstract: February 1, 2008
- Deadline of Submission of Full Paper: April 1, 2008
- Acceptance Notification of Paper: May 1, 2008
- Deadline of Registration for Paper Publication & Early Bird Registration: June 1, 2008
