

The ICEE Conference 2025

The International Council on Electrical Engineering

Low Carbon Electricity Powering a Better Future

July 8th–11th, 2025 Wuhan, China

Call for Papers

It is with much pride that we invite all experts in electrical engineering from all over the world to the International Council on Electrical Engineering Conference 2025 in Wuhan, China from July 8th–11th, 2025. The Chinese Society for Electrical Engineering will have the privilege of hosting this meaningful conference.

The ICEE is an annual conference co-sponsored by Chinese Society for Electrical Engineering (CSEE), the Korean Institute of Electrical Engineers (KIEE), the Institute of Electrical Engineers of Japan (IEEJ), and the Hong Kong Institution of Engineers (HKIE) since 1995. With more than 550 attendees every year, the ICEE has become a premier conference for academic, industry, and business leaders to meet, publish results and share knowledge in the field of electrical engineering.

The conference will provide a variety of programs including distinguished presentations, networking events, and cultural tours to benefit from many fruitful and enriching discussions as well as to initiate collaborations across disciplines for the advancement of your research.

Wuhan, the venue for the ICEE 2025, is located in the middle of China and eco-friendly city, with numerous lakes and perfect transportation network. It is a fascinating city located along the Yangtze River of China, embracing the ancient culture and modern civilization in a surprisingly harmonious manner.

Scopes

1. Electromagnetic theory, design and control methods for new motor
2. Electrical transportation and integration
3. Planning, dispatching and operations of the integrated energy system
4. Stability and control of the power system with high-proportion power-electronic apparatus
5. Power electronic technologies and applications, HVDC and FACTS
6. High voltage technologies, new materials and sensors
7. AI technologies and its applications in electrical engineering
8. Renewable power generations, carbon emission and environment
9. Multi energy storage technologies and its security applications
10. Electrical machines and drive
11. Other related topics

Contact

Lei Shang (WHU)

- Tel: +86 18672787755
- E-mail: shanglei@whu.edu.cn

Chunli Wang (CSEE)

- Tel: +86 10 63416712
- E-mail: chunli-wang@csee.org.cn

Venue

EAST LAKE International Conference Centre, Wuhan, China

Address:

146 Donghu Road, Wuchang District, Wuhan, China

Time table

- | | |
|---|--|
| • Abstract Submission | • December 15th, 2024
January 15th, 2025 |
| • Acceptance Notification of Abstract | • February 15th, 2025 |
| • Full-paper Submission | • April 1st, 2025 |
| • Acceptance Notification of Full-paper | • April 30th, 2025 |
| • Deadline of Early Registration | • June 6th, 2025 |

Sponsored by

Chinese Society for
Electrical Engineering(CSEE)

Co-sponsored by

THE Institute of Electrical
Engineers of Japan(IEEJ)

THE Korean Institute of
Electrical Engineers(KIEE)

The Hong Kong Institution
of Engineers(HKIE)

Local Sponsor

Wuhan University
